ABOUT

The Self-Adhesive Felt has been specially designed to cover the edge and corners of your squeegee. The felt makes it possible to apply pressure on the vinyl without damaging the film. It is pre-cut to size for the standard size squeegees (10 cm / 4"). We encourage to combine this product with our [97.002 | Squeegee Black H](#) or [97.001 | Squeegee Orange S](#).
