ABOUT

iSee2 Eraze Marker is a black erasable marker intended for use on whiteboards, windows or mirrors. The marker ink will not leave any trace and is very easy to wipe off with a dry cloth or wiper, even when erasing after a longer period of time. The Eraze Marker performs excellent on our Total Deco whiteboard films: [50.100N | Total Eraze White](#) and [50.000N | Total Eraze Clear](#).
