ABOUT

The Magnetic Squeegee is a semi-soft squeegee and magnet in one. It can hold your graphics on the car while you are working and will keep your tools in front of you. The Magnetic Squeegee can also eliminate the need for tape. The squeegee also has 1 pointed tip for better ability to reach into small corners. Typical applications: all types of self-adhesive vinyl, lamination films, solar films, labels, decals, vehicle wraps,...
